ABOUT

Materials Needed:

- 9 Pink 5" Balloons (for face)
- 2 Hot Pink (Rose) 5" Balloons (for cheeks)
- 24 White 5" Balloons (for beard and hat trim)
- 4 Red 5" Balloon (for hat and nose)
- 4 White 260 Balloons
- 1 Red 260 Balloon
- 2 Blue colored circles (about 2.5" in diameter)
- 2 Black colored circles (about 1.5" in diameter)
- 1 RMS™ 2' Heart Framework
- Adhesive

Directions:

Open RMS™ 2' Heart and follow packaged directions unless otherwise noted below.

Inflate 9 pink balloons to 4"

Inflate hot pink (rose) balloons to 4".

Inflate 22 white balloons to 4".

Inflate 2 white balloons to 3". (for small openings on left and right sides of the beard)

Inflate red balloons to 4".

Inflate 2 white #260 balloons to 11" in length. Tie both ends and cut off excess balloon. (To use for mustache)

Inflate 2 white #260 balloons to 6" in length. Tie both ends and cut off excess balloon. (To use for eye brows)

Inflate 1 red #260 to 5" in length. Tie off both ends. Leave some length at ends to tie balloon to matrix, and cut off excess. (To use for lips)

Load 5" balloons into RMS™ 2' Heart per "Santa Heart" diagram. For extra security, we recommend tying the necks of the balloons together in pairs before inserting them into the Matrix.

To Make The Eyes: Attach black circles to blue circles. Now attach blue circles to white balloons.

To Make the Eyebrows and Mustache Overlays: Use adhesive to stick the white #260's in place over the eyes and under the nose

To Make the Top of Santa's Cap: Tie the neck of one white balloon to the top of the point of the RMS Heart Framework.

***Note:** This design may be created in RMS™ 3' Heart Framework. Use 9" or 11" round latex balloons underinflated to 6" instead of the 5" balloons underinflated to 4".
